

### Lotz Armor Edge™ Tops:

Lotz Armor Edge™ top is constructed of 1.125" thick MDF (medium density fiberboard) core. MDF is a superior material for screw holding abilities exceeding 250 lbs., breaking strength and load tests. The back material is phenolic which **prevents moisture penetration** to core material and provides an anti gum surface. The top material is high pressure laminate that is bonded to the **MDF core** making the total thickness of the top at 1.25". The 0.25" beveled radius edge is finished using our exclusive Lotz Armor Edge™, a polyurea, which is extremely strong and durable. **This edge will not separate from the MDF core material and makes the edge water tight.** Lotz Armor Edge™ default is black. Premium colors available.

### Standard Colors

### Premium Colors

### 3mm Tops:

The core material is 1.125" thick particle board with a phenolic backer sheet and high pressure laminate on top making the total thickness of the top at 1.25". 3mm PVC edge banding\* is applied to all sides, radius corners.

Optional top surface choices include **writable surface laminate** and most Wilsonart matte (-60) finish laminates with possible up charges. Other vendors available upon request.

\*3mm PVC edge banding is matching, unless otherwise specified. Complementary color available upon request.

### Legs:

Legs are 14-gauge steel tubes which are fully welded to a triangular 10-gauge mounting plate, 1" (ELO) or 1.75" (ELP & ELS) x 14-gauge insert. The mounting plate is secured to the top with six metal-to-metal threaded inserts and 1/4"-20x19mm joint connector bolts (included). Legs are positioned at the widest point of the desk to improve stability and to provide more knee clearance. Finish colors are powder-coated smooth silver (G4) or textured black finish (09). See chart below for color availability for each leg type. Finished off with a 1 3/8" adjustment nylon glide with 3/8"-16 thread x 1". (Grand Hank glides are standard on the ELS fixed and Mini Jr. adjustable legs.)

### ELO® Leg Options\*
